Riptide Technology was founded to be a company of exceptional people. The intention is to bring quality people together as a team and present them with interesting and challenging work. That's recruiting and business development. Stimulating colleagues and rewarding work will go a long way toward retaining good people once we've got them, but we need also need a framework for our corporate environment. We need to establish and maintain benefits, policies and procedures that support employees and makes them feel good about being part of Riptide. That's what this handbook is about.

It is the policy of Riptide to:

If any employee or applicant for employment believes he or she has been treated in a way that violates this policy, they should contact a representative of Riptide management. Employment

Employment Categories

For the purposes of salary administration and benefit eligibility, Riptide classifies its employees as:

- Full-time – Employees hired to work the Company's normal, full-time, thirty hour or more workweek on a regular basis. Full-time employees are eligible for the benefits outlined later in this document.
- Part-time – Employees hired to work fewer than thirty hours per week on a regular basis. Part-time employees are not eligible for the full time employee benefits outlined in this document.
- Temporary – Employees engaged to work on the Company's payroll with the understanding that their employment will end after the completion of a specific task. Temporary employees working full time hours will be eligible for health, dental and vision

coverage, but not life insurance or long-term and short-term disability. They will also not accrue Paid Time Off (PTO).

The Fair Labor Standards Act (FLSA) requires that most employees in the United States be paid at least the federal minimum wage for all hours worked and overtime pay at time and one-half the regular rate of pay for all hours worked over 40 hours in a workweek. However, the FLSA provides an exemption for employees working in administrative, professional, outside sales and computer positions that meet certain tests regarding their job duties and are paid on a salary basis at not less than \$455 per week. All employees of Riptide should qualify as exempt employees and will be paid at their regular pay rate for any overtime hours worked.

Introductory Period

It is the policy of Riptide to use an introductory period to give new employees the opportunity to demonstrate their ability to achieve a satisfactory level of performance and to determine whether the new position meets their expectations. The Company uses this period to evaluate an employee's capabilities, work habits, and overall performance. All new and rehired employees work on an introductory basis for at least the first 90 calendar days after their date of hire. If the Company determines that the designated introductory period does not allow sufficient time to thoroughly evaluate the employee's performance, the introductory period may be extended for a specified period.

Access to Personnel Files

The Company keeps certain records relating to an individual's employment in a personnel file. The documents contained within that file are the property of the Company and must be maintained for government and Company recordkeeping purposes. All files connected with an employee are considered strictly confidential, and access will be limited only to those who have a job-related need to know the information and who have been authorized to see the file in question. Personnel files will be maintained in company archives in accordance with all applicable legal requirements.

If an employee wishes to view or obtain a copy of the contents of his or her personnel file, the employee should contact a member of Riptide management. Access to personnel files may only be done with the supervision or assistance of a member of Riptide management. An Employee may not take or alter any document found within his or her personnel file. If an employee finds an error or disagrees with what is in the file, he or she should provide a written amendment or statement that can be added to the file.

Personnel Data Changes

It is the responsibility of each employee to promptly notify Riptide management of any changes in personal data. Personal mailing addresses, telephone numbers, number and names of dependents, individuals to be contacted in the event of an emergency, an educational

accomplishment, and other such information should be accurate and current at all times. It is also important to update benefits records, including beneficiary designations.

Employment References

All employment verification or reference requests will be handled by a member of Riptide management. It is the Company's policy to only release last title and dates of employment. Requests for all other information on current or former employees, such as for credit or mortgage purposes, will only be released if the employee has provided a written approval for release.

Employment of Relatives

Relatives may be employed by the Company provided such employment will not create a conflict or appearance of partiality. Relatives for purposes of this policy are defined as spouse, son, daughter, mother, father, brother, sister, grand-parent or child, step-parent or child, step-sister, step-brother, in-laws, aunt, uncle, nephew, niece, first cousin, significant other, domestic partner or any other relationship that would present a conflict of interest as determined by the Company.

No employee may have a relative in a direct reporting relationship or in a position that poses a possible conflict of interest, even if the relative is an employee of a customer. In the event a relationship is created during employment which puts the employee in a position where he or works in a relative's direct line of supervision, an appropriate solution will be sought as soon as practical.

Outside Employment

Employees are permitted to engage in outside work or hold other jobs with the following restrictions:

- Activities and conduct away from the job must not compete, conflict with or compromise Company interests or adversely affect job
- Employees are prohibited from performing any services for customers on nonworking time that are normally performed by Riptide
- Employees are not to solicit or conduct any outside business during paid working time
- Employees engaging in ongoing private work or outside employment will inform Riptide in writing of the outside employment

Non-Compete Agreement

Riptide operates in a very competitive environment for winning and retaining government contracts. Competitors with Riptide can gain a significant advantage if Riptide employees agree to work for them on contracts that are being competed. Similarly, Riptide employees who have developed specialized expertise and knowledge, or key relationships with customers while working for Riptide could significantly harm Riptide's business prospects by assisting a competitor.

In order to avoid these potential conflicts of interest, Riptide employees agree to the following conditions:

- Employees will not collaborate, lend assistance, provide resumes or commit themselves to future employment with any company or team that is competing with Riptide or a Riptide team.
- Employees will not resign from Riptide and go to work for a competitor that has won a contract in competition with Riptide for a period of six (6) months.
- Employees will not resign from Riptide and subsequently compete against Riptide for work with an existing customer for a period of one (1) year.

Employees are exempt from these non-compete restrictions if Riptide terminates their employment for any reason other than non-competition violations. In other words, if an employee is laid off because of lost contracts or no work, the employee is free to find a job with any potential employer, regardless of competition with Riptide.

Resignation/Termination

Riptide is an “at-will” employer meaning either the Company or the employee can terminate the employment relationship at any time, with or without cause, with or without notice. However, Riptide strives to employ professional, trustworthy, and hard-working employees and to retain such valuable individuals in order to maintain a stable work force, however, business conditions can change and contracts can end. Whenever possible, the Company will try to find other employment within the Company for employees. If not possible, the Company will attempt to give an employee at least two week’s advance written notice of termination, but reserves the right to provide an employee with two weeks’ pay in lieu of notice in situations where business needs warrant such action. Any employee who voluntarily resigns is also expected to provide the Company with advance written notice of no less than two weeks.

Provided an employee gives at least two week’s advance notice, they will be paid for any accrued, unused paid time off upon resignation or termination. Any Company property issued to an employee must be returned upon resignation or termination. This includes, but is not limited to, computers, software, phones, keys, badges, parking passes, credit cards, and company data and files. Employees are responsible for any lost or damaged items. The value of lost or damaged items may be deducted from an employee’s final paycheck.

Hours and Compensation

Work Schedule

In most cases, employee work schedule will be dictated by customer requirements. Employees must adhere to the schedule provided to them by the customer. If no schedule is provided, or employees are not working at a customer site, employees may establish a schedule that works for them as long as both Riptide management and the customer approve it. Flex-time may be

used to accommodate personal or customer needs as long as it is approved by Riptide management and the customer before it is employed.

Pay Periods

The Riptide pay period corresponds to the calendar months. It begins on the first calendar day of the month and ends on the last calendar day of the month. Pay day will be between the 3rd and 5th business day of the month and will compensate employees for time worked in the previous calendar month. Employees are encouraged to use Direct Deposit for their pay but will at least receive a paper pay stub. Any employee that does not receive a direct deposit by the 7th business day of the month or a paper check by the 10th business day should contact a member of Riptide Management for assistance.

Timesheet Procedures

In accordance with Defense Contract Audit Agency requirements, employees are expected to report hours worked at the end of each working day or no later than 10AM the next business day.

Employees must account for an average of eight (8) hours per weekday (Monday – Friday) over the course of a calendar month. For instance, if there are 20 weekdays in a calendar month, employees must account for a minimum of 160 hours in that month. These hours may be any combination of billable hours and/or leave.

Timesheets for the month must be correct and submitted by midnight Eastern local time on the last calendar day of the month. Failure to do so will result in a delay in pay.

Timekeeping System

Riptide uses the online Capriccio Fuzion Time & Expense application as its timekeeping system. The web site is available 24 hours per day at <https://web.capricciofuzion.com/>. The company identifier is 'riptide'. Employees will be provided a username and password at the start of their employment. Any employee who does not have Internet access at their customer site will be expected to access the timekeeping system from home. Any employee that does not have Internet access in their home should contact a member of Riptide management so arrangements can be made for a paper-based time keeping system.

Pay Advances

It is not the policy of Riptide to provide employees with pay advances. However, should an emergency arise, an employee may request a pay advance by contacting a member of Riptide management. Granting such request will be at the discretion of Riptide's president and a pay back schedule must be agreed upon before any advance in pay is made.

Similarly, an employee can request Paid Time Off in excess of what they have accrued. If that request is granted they will be allowed to incur a negative PTO balance.

Pay Deductions

The Company is required by law to make certain deductions from employee's gross earnings including income taxes and social security taxes. In addition, certain benefit programs that require payments by employees, such as health insurance and individual retirement plans, may also result in payroll deductions.

Pay Corrections

Any employee who notices a discrepancy in their pay should report the problem to a member of Riptide management. Management will work to correct the discrepancy as quickly as possible.

If a member of Riptide management discovers an error in an employee's paycheck, management will inform that employee immediately and work to correct the discrepancy as quickly as possible.

Should a correction in pay result in a deduction in pay, Riptide management will coordinate with the employee to attempt to minimize the impact of the deduction and avoid undue hardship for the employee.

Travel

Most travel expenses, including the cost of transportation, meals, and lodging will be reimbursed to employees provided such travel is approved and performed in the course of conducting business for the Company or its customers. Rules governing travel for federal government customers are described at <http://www.gsa.gov/federaltravelregulation/>.

Employees should exercise prudence in their selection of transportation, lodging and meals. While traveling on Company business, common carrier transportation should be utilized for trips. Employees should travel coach or economy class and stay and eat in moderately-priced establishments.

Time spent travelling can be charged as working time. Travel time starts with the departure from the employee's home or work and ends when the employee arrives at the destination work site or lodging.

Travel within the local area to locations other than an employee's regular work-site may also be reimbursable provided it is for Company or customer business.

Travel costs should be filed for reimbursement online using the Capriccio Fuzion Time & Expense application's 'Expense Reports' feature. Mileage for local travel using a personally owned vehicle should be filed for reimbursement using the same application's 'Mileage Records' feature. The web site is available at <https://web.capricciofuzion.com/>. Employees will be provided a username and password at the start of their employment.

Performance Reviews

Every employee is entitled to a written review of his or her performance at least once every year. This is an important communication opportunity for both Riptide management and the employee. It is essential for employees to know where they stand, and how their management perceives their performance.

Employees will be expected to provide a self-assessment as part of this process. The manager's performance assessment and employee's self-assessment will both be reviewed in person. Open discussion and written comments by both manager and employee are encouraged, and annotated copies of both documents will be filed and provided to the employee.

This annual process review process is no substitute for timely communication regarding any significant performance issues or problems. Both management and employees should professionally express issues or concerns whenever they become apparent.

Salary Increases

Each employee's salary will be assessed annually in January. Salary increases will be based on a number of factors including performance, business constraints and the economy. Riptide values our employees, and will strive to compensate them as well as is practical.

Benefits

Leaves of Absence

Paid Time Off

Riptide provides full-time working employees approximately 30 days (240 hours) of paid time off per year to be used for holidays, sick leave, and vacation. Although Riptide does not separate holiday time from other leave, the Company does expect employees to take paid time off for any holidays their customer is observing unless they have prior approval from the customer and Riptide management to work on the holiday.

Paid time off is accrued at a rate of 20 hours per month. Taking time off is essential for employee well-being and long-term performance. No employee may accrue more than 240 hours of unused time off. Should an employee accrue that much unused leave, they will be expected to take time off or forfeit any future accrual.

Employees are permitted to carry a negative balance of up to 40 hours paid time off provided the employee has prior authorization from a member of Riptide management.

The Family and Medical Leave Act

The Family and Medical Leave Act of 1993 (FMLA) entitles covered employees to 12 weeks of unpaid leave during any 12-month period for certain family and medical needs. Riptide will work

with employees to coordinate these rights with customer requirements. Should you be dealing with a family medical issue such as the care of an elderly parent or the addition of a child, please inform your supervisor and the HR department. The company will work to support you in every way possible.

Bereavement Leave

An employee who wishes to take time off due to the death of an immediate family member should notify Riptide management and their customer management immediately. To be eligible for paid bereavement leave, the employee generally must attend the funeral of the deceased.

Employees are allowed up to five days (40 hours) paid leave at their regular rate in the event of the death of the employee's spouse, child, father, father-in-law, mother, mother-in-law, brother, sister, stepfather, stepmother, stepbrother, stepsister, stepson or stepdaughter.

Employees are allowed three days (24 hours) paid leave at their regular rate in the event of death of the employee's brother-in-law, sister-in-law, son-in-law, daughter-in-law, aunt, uncle, grandparent, grandchild or spouse's grandparent.

Employees are allowed up to four hours of paid leave at their normal rate to attend the funeral of a fellow regular employee or close coworker at the customer site, provided such absence from duty will not interfere with normal operations of the Company or its customer.

Military Leave

The Uniformed Services Employment and Reemployment Rights Act of 1994 provides employees with an entitlement to unpaid leave when employment with Riptide is interrupted for a period of service in a uniformed service. Riptide will work with our customers to ensure that the employee's job or position is preserved and available when they return from uniformed service.

Paid Family Leave

Riptide recognizes the importance of our employees' families. The company wants employees to be able to care for family members during major life events. Paid Family Leave (PFL) is available to support employees after the birth of a child, the placement of a child from adoption or foster care, or the onset of a serious health condition (as defined by the Family Medical Leave Act) of a spouse, child, or parent.

Employees are eligible for up to 12 weeks (60 days) leave and Riptide provides pay for the periods that the employee is not receiving income from disability or state-provided benefits. PFL is only offered once within the 12-month period following a qualifying event, but it can be used intermittently at any time within that period. All time off, though, remains at the discretion of our government customers and prime contractors.

Any employee wishing to use Paid Family Leave should contact Riptide management to discuss their situation and how to exercise this benefit.

Jury Duty

Riptide recognizes that jury duty is a civic responsibility of our employees. In no case will your employment be affected if you perform jury duty. Riptide provides 2 days paid leave annually for any employee who must serve on a jury. The employee must provide a copy of the jury duty summons to their supervisor and Human Resources. If an employee reports for jury duty and is dismissed, they will be expected to report for work for the remainder of the day. If an employee is told they do not need to report to the court on any day of a jury duty stint, they are expected to come to work.

Employees must work with their supervisor to ensure that serving jury duty does not adversely impact customers and coworkers. Should a summons to jury duty present a significant negative impact to a customer from the loss of the employee, Riptide may write a letter to the court requesting the postponement of the employee's jury duty.

Inclement Weather Closures and Government Shutdowns

When it is announced that federal government offices will be closed due to inclement weather, government shutdowns, or other reasons, employees should telework if their contract permits. If not, employees must take paid time off, leave without pay, or work the hours at a later date. Employees will have until at least the end of the month to work the hours. Under some circumstances, they may be able to make up the hours in the following month. Employees should consult with their Riptide supervisor to determine how long they have to work the make-up hours.

Compulsory Work Outages

Employees may, on occasion, be prevented from working due to circumstances outside of the company or employee's control, specifically contract gaps and government funding shortfalls. Riptide will work with employees to minimize the impact of these events on employees' regular income, and extend company coverage for as long as practically possible.

Leave Without Pay

Employees may take unpaid leave with the approval of their Riptide supervisor. No employee may carry more than 2 weeks (80 hours) of accrued, unused paid-time off if electing to take leave without pay. Extended periods of leave without pay may affect eligibility for benefits or employees may be required to pay for some benefits during the period of leave. If an employee's average weekly work time falls below 30 hours for a two-month period, they will become ineligible for company-paid full time employee benefits.

Each pay period, the Company will contribute the equivalent of 10% of an employee's gross pay to a 401(k) savings account. Any employee recommending a candidate for employment will receive a \$3000 bonus if that candidate is hired and works for the Company for at least six (6) months.

Business Development Bonus

Riptide cannot be a successful company without strong leadership and continued growth. To encourage employees to help the company in seeking and seizing on new opportunities, Riptide offers a bonus for business development activities.

The Business Development bonus is intended to incentivize participation in finding new customers and participating in business development activities such as proposals, marketing briefs and marketing white papers. It is assessed against the first year of a task resulting from a successful business development effort.

Prior to completion of the business development effort, the proportion of participation/contribution to the effort will be discussed and established at partner management meetings. The proportion of employee business development participation shall be expressed as a percentage and recorded in the minutes of those meetings.

50% of profit (fee) from the first year of a successful business development effort will be used to establish a business development bonus pool for that effort. Participants will receive a bonus based on their percentage of participation from that pool.
